Lavender Varieties Suggested for the Great Basin

The Great Basin region's climate can be challenging for many plants due to its arid conditions, temperature extremes, and varying soil types. However, some lavender varieties are well suited for these conditions.

Here are some suggestions:

Angustifolia:

Betty's Blue

Folgate

Hidcote

Melissa

Munstead

Royal Purple

Royal Velvet

Twickle

Intermediate:

Eidelweiss

Gros Bleu

Grosso

Provence

Riverina Thomas

Super

Vera

NOT RECOMMENDED: SPANISH AND PORTUGUESE LAVENDERS
